

Greeley Central High School
Pride, Class, and Dignity.

Awards and Accomplishments:

Over the years Greeley Central High School has received statewide and national praise for its achievements. We take great pride, class, and dignity in graduating 60 Boettcher Scholars. In the last five years we've seen 3 National Merit Scholars, 20 Daniels Fund Scholars, 14 Central Scholar Athletes, and 172 AP Scholars. Beyond academics, Green Cats received national acclaim for their environmental efforts.

Greeley Central High School

Welcome to Central!

Welcome to Greeley Central High School, where excellence and commitment to learning are a long-standing tradition. Our commitment is to instill the values of pride, class, and dignity into each one of our students. At Greeley Central, we strive to create a school climate that is welcoming to all, and we take pride and embrace our diverse population. Our students have the opportunity to work collaboratively with other students from many cultural backgrounds, and this is just one way of many in which we prepare them for life after high school. Through hard work and dedication the Wildcat staff is sure to shape an educational experience unique to your learner.

Academics

Greeley Central High School enjoys a reputation for academic excellence that is second to none. We are committed to offering a comprehensive selection of courses tailored to meet the needs of our students. At Greeley Central, students will be supported and encouraged to explore a large variety of potential disciplines and/or focus their academic acceleration in a particular area of interest. Every year, under the leadership of our dedicated faculty, our students complete a high school career equipped with the tools integral for a successful future. As students design their educational path, it is critical they are aware of the wealth of academic opportunities available at our school, plan carefully and take advantage of every opportunity. After all, Greeley Central High School leads the way. Since its inception in 1952, our school has more Boettcher Scholars than any other school in the state. *Will you be the next Wildcat to win a prestigious award?*

- Green Cats

“My daughter loves Central because of the great classes and activities that this school offers. She is very happy here and embraces the opportunity to meet students of many, many different cultures.”

Laura DeGroote, parent of a Central student

Career Pathways

The Arts Magnet pathway offers a four-year experience, which is unparalleled anywhere in Northern Colorado. The Performing and Visual Arts include numerous art forms such as ceramics, drawing, painting, sculpture, printmaking, design, photography, video, filmmaking, architecture, dance, music, opera, and theatre. Students of the arts will be well-rounded, intelligent, motivated and creative achievers who are involved in and concerned about their school, their neighborhood, their city, and their world.

The Advanced Manufacturing pathway will provide training for students on skills needed to work in many jobs that support manufacturing, including robotics, mechanics, industrial troubleshooting and safety. Students enrolled in the program will also have the opportunity to complete apprenticeships and internships in the field.

Our Health Science Academy offers a wide range of scientific specialties including biology, genetics, physiology, physics, and bioengineering. As the demand for qualified workers in healthcare rises, students who pursue this pathway will be strategically positioned for success. The curriculum features a comprehensive progression of courses to prepare students to succeed at the collegiate and professional school level.
