District 6 Negotiating Teams Fail to Make Progress

In these difficult economic times, Weld County School District 6 is committed to using its limited funding to provide teachers with the resources they need to support student achievement, protect existing jobs, and continue to fully fund the increasing costs of health and retirement benefits for all its employees.

Officials from District 6 and the Greeley Education Association met briefly today in an attempt to move negotiations forward. The salary increases suggested by the GEA would not have allowed the district to meet these commitments. Negotiations began at 10 a.m. and ended at 10:15 a.m., when the association walked out after being informed again of the district's limited resources.
