## **February 5 will be the make-up for last month's snow day**

After reviewing all possible options for when to make up the lost day of instruction from the October 29 snow day, District 6 has designated Friday, February 5, 2010 to become an instructional day.

Feb. 5 was previously calendared as a "no school" day for students and a school improvement day for staff. It now will be a regular school day for students and staff.
