

# STAY CONNECTED

Greeley-Evans School District 6 believes communication with parents and the community is important. This chart will show you the different ways you can regularly keep informed, but particularly during an emergency. **Items highlighted in red are go-to places during emergencies or urgent situations.** During an emergency, the goal is to get as much information out as fast as possible using as many channels of communication to accommodate a variety of preferences. The communication methods on this chart are official means of communication from the district.

Where do I look?	What type of information?	What do I need to do?	Quick Scan
	<b>Parent Alert Phone Call and Text</b>	Calls during the school day or early morning are reserved for emergencies or important information, such as school closings or delays. Evening calls may be used for general information, absence notices, and lunch account reminders.	Keep your current, primary phone number up-to-date with your child's school on Infinite Campus
	<b>Parent Alert Email</b>	In an emergency, the district may send detailed information to you through email. If something important happens during the day, you may receive a "letter home to parents" through email. Also, look for general information emails.	Keep your current, primary email address up-to-date with your child's school. Make sure your spam folder isn't blocking emails from "noreply@greeleyschools.org" Do not unsubscribe from a school email.
	<b>Web Alert</b>	The district may activate the web alert system during an emergency or weather event. It places important information in the center of the district's (and affected campuses') website homepage(s).	Visit the district (or school) homepage during an emergency or weather event. <a href="http://www.greeleyschools.org">www.greeleyschools.org</a>
	<b>District App</b>	The district app combines content from the parent alert system, district website, district social media sites, and the parent and student portals to provide a one stop-shop for information. Push notifications are used in emergencies.	Download the District 6 mobile app at the Apple App Store or Google Play for Androids.
	<b>Facebook</b>	Be among the first to know. The district can quickly post general news, pictures as they happen, and emergency information on Facebook. You can also give feedback and comments on the district's Facebook page.	Allow push notifications for emergency messages direct to your smart phone
	<b>Twitter</b>	Be among the first to know. The district can quickly post general news, pictures as they happen, and emergency information on Twitter.
