

Jefferson High School

Welcome to Jefferson!

At Jefferson, we have highly qualified teachers who care about student success. We are the only high school to be selected to implement blended learning in 2014-15 and accelerate our students' academic progress. As a Discovery school, we build relationships with our students to get a better understanding of their abilities and what works for them.

By providing instruction that stresses post-secondary workforce skills, career and technical education, and communication training, our students are ready for their future.

Our Mission:

Jefferson High School strives to empower all students to be self-motivated and make wise choices in a diverse, healthy, safe and nurturing learning environment.

School Focus:

Discovery School Program

The tenets (rules, procedures, language, terminology, goals, etc.) of Discovery will be shared and upheld by every staff person and student. The purpose of Discovery is to help students reach their dreams and goals. The program will help all of us achieve the vision of our school. The 6 P's of Discovery are:

- Prompt
- Prepared
- Produce
- Positive Mental Attitude (PMA)
- Polite
- Participate

The ultimate goal of Discovery is for students to achieve the 6 P's and maintain a positive atmosphere of dignity and respect, and to change behavior and/or attitudes appropriately to attain their post-secondary goals.

Blended Learning

Students have a great opportunity to participate in blended learning. This blend of traditional teaching and online instruction helps us leverage technology to improve student achievement. Students may progress quickly through levels or take their time if content is challenging.

“ I love my school. It is like one big extended family. The discovery program helps us all build a very special bond.

”

Joe Espinoza, Jefferson High School graduate
