Math Counts

Did you know McAuliffe has a Math Team? All 6th, 7th and 8th grade students who LOVE math are invited to attend Math Club on Wednesday afternoons starting October 9th from 3:15-4:15 pm. Students will solve tough math problems, learn solution shortcuts, and play math games. We choose a team to compete against other Northern Colorado schools at the MathCounts Regional contest in February and if we qualify, at the state contest in March. Interested middle school students should check with their math teachers for more information.

Band and Choir Concert

Our band and choir concert will be on Tuesday, October 29th, 2019 in the Northridge Auditorium starting at 7:00 pm. Choir will be dressed in concert black and the band can wear a costume if they would like to. Students in both band and choir will have to bring a change of clothes if they decide to dress up for band.

Election Day

November 5th is a very important election day for Greeley-Evans School District 6 and we want to be sure our families have the factual information they need to make an informed decision at the polls. If 4C is approved by voters, a large addition would be constructed at McAuliffe STEM Academy K-8. Every school in District 6, including charter schools, will receive money for repairs and renovations, like heating and cooling upgrades, roof repairs, carpet replacement and asbestos abatement, paint in critical areas and improvements for accessibility to comply with the Americans With Disabilities Act. Every school will also receive money for upgrades to safety and security, including safe entryways at all schools and improved door hardware for interior doors.

If you would like more information, including commonly asked questions about Bond Issue 4C, the ballot language, the facility needs study and voter registration, please visit the District 6 website at: www.greeleyschools.org/2019bond
