

Weld County School District 6

1025 NINTH AVENUE
GREELEY, COLORADO 80631
970-348-6000

August 10th, 2020

Dear Parents/Guardians;

Greetings and welcome to the District 6 Online Learning Program. We are excited you have chosen this path for your child and we are eager to start learning together! Our goal is to provide an environment as closely aligned to the regular classroom as possible. We realize this will be different for both child and parent, but we will work together to provide the best learning experience with support along the way.

The Student and Teacher relationship is one of the key components of a strong educational experience. Teachers get to know their students, their interests, and their learning needs. The Online Learning Program will include time for teachers to connect with students through video conferences during the lesson, and through individual mentoring sessions. You will also have the opportunity to connect with the teacher for any questions or concerns regarding the progress and support of your child.

Schedule - You will receive your child's schedule later this week. Upon receiving, please review the information and note the times for online instruction.

Start Date - The first day of school for students learning online is Thursday August 20th, 2020.

Chromebook - If you do not have a device at home to dedicate to your child for schooling, a Chromebook can be picked up at your child's school on Tuesday, August 18th from 9-11 am or 1 - 3 pm. Please plan to pick it up during these scheduled times. You can find more information on reduced pricing for Internet access at InternetEssentials.com.

Supplies - Elementary students will receive a box of additional materials to support their learning. This also needs to be picked up during the scheduled times on Tuesday, August 18th from either 9-11 am or 1-3 pm.

Orientation - An Orientation is provided to help parents and students understand the requirements of the Online Learning Program and ensure successful learning. It is required that at least one parent/guardian and the student attend. Please sign up for one of the options prior to the start of school. [Orientation sign up form](#)

To be removed from the Online Learning Program, please contact your school. More information is available in the [Online Learning Parent-Student Handbook](#) or email us at onlinelearning@greeleyschools.org.

Thank you,

Diana Gamboa
Online Learning Program Administrator

Jinny Jensen
