Tallaalka waajibka ah iyo ka aan waajibka ahayn

- Sharciga Colorado wuxuu u baahan yahay ardayda dhigata dugsiga barbaarinta carruurta ee dawladda, kuwa gaarka loo leeyahay, ama Kaniisadaha ilaa fasalka 12aad in laga tallaalo cudurro badan oo tallaalku ka hortagi karo, haddii ka dhaafid la haysto mooyee. Macluumaad dheeri ah, booqo colorado.gov/cdphe/schoolrequiredvaccines (ama cdphe.colorado.gov/schoolrequiredvaccines). Ardaygaaga waa in laga tallaala ka hortaga:
 - gowracadada, teetanada & xiiqdheerta (DTaP, DTP) o cagaarshowga B (HepB)

Sharciga Colorado ayaa u baahan in ardayga galaya dugsiga barbaarinta uu qaato xadiga ugu dambasya ee DTaP, IPV, MMR iyo busbuska. Waxaad ka eegi kartaa jadwalka tallaalka ee lagula taliyo caruurta da'doodu tahay 0 - 6 sano jir cdc.gov/vaccines/parents/downloads/parent-ver-sch-0-6yrs.pdf.
- Tallaalada waxaa lagula taliyaa cagaarshowga A iyo hargabka, laakiin looma baahna.

Ka saaridda Dugsiga

- Ardaygaaga waa laga reebi karaa dugsiga hadii iskuulkaaga uusan laheyn diiwaan talaal oo cusub, ka dhaafid tallaalka, ama qorshe howleedka ardaygaaga oo feylkiisa ku jira.
- Haddii qof u ku dhacaan cudurrada lagaga hortago tallaalka ama uu ka dillaaco dugsiga ardaygaaga oo ardaygaaguna uusan helin tallaalka cudurkaas, waa laga reebi karaa howlaha dugsiga. Taasi waxay uga dhignaan kartaa wakhti waxbarasho oo ka khasaaray iyo shaqo iyo mushahar adiga kaa khasaaray. Tusaale ahaan, haddii ilmahaagu aanu helin tallaalka jadeecada-mumps-rubella (MMR), waa laga saari karaa dugsiga muddo 21 maalmood ah kadib marka uu qofka ku dhacdo jadeecada.

Advancing Colorado's health and protecting the places we live, learn, work and play

Dear Colorado health care provider:

Colorado School Entry Immunization Law (25-4-901 et seq, C.R.S) and Colorado Board of Health rule (6 CCR 1009-2) require students who attend a public, private or parochial K - 12 school, licensed child care, preschool or Head Start program to be vaccinated against many of the diseases vaccines can prevent, unless an exemption is filed. For more information, visit colorado.gov/cdphe/schoolrequiredvaccines (or cdphe.colorado.gov/schoolrequiredvaccines). Students must be vaccinated against:

- diphtheria, tetanus and pertussis (DTaP, DTP, Tdap)
- polio (IPV)
- measles, mumps, rubella (MMR)
- hepatitis B (HepB)
- haemophilus influenzae type b (Hib)
- pneumococcal (PCV13)
- varicella (chickenpox)

The number, timing and spacing of the required vaccine doses is set by the Centers for Disease Control and Prevention's (CDC) Advisory Committee on Immunization Practices (ACIP). To be considered valid, a dose of vaccine must meet both the **minimum age and minimum intervals** as defined by ACIP. You can view the current ACIP vaccine schedule for people 0 - 18 years of age at www.cdc.gov/vaccines/schedules/downloads/child/0-18yrs-child-combined-schedule.pdf. Vaccines are recommended for rotavirus, hepatitis A, influenza, meningococcal disease and human papillomavirus, but are not required.

Colorado schools are required to review immunization records for school entry and can only accept valid doses of vaccine. Your patients may receive notification of noncompliance if a dose of vaccine does not meet the minimum age or minimum interval requirements, per the ACIP schedule. There are three ways a student can meet the compliance requirements established by Colorado law:

- 1) A student is considered fully immunized if he or she has received all doses of school-required vaccines according to the current ACIP schedule. Note: students are required to receive their final doses of DTaP, IPV, MMR and varicella by kindergarten entry and their Tdap by 6th grade entry, even if the student is under 11 years of age.
- 2) A student is in the process of becoming up-to-date on required vaccines and has a written plan from the parent/guardian on file with the school.
- 3) The student's health care provider (medical doctor, doctor of osteopathic medicine, advanced practice nurse or delegated physician assistant) has signed an official *Immunization Medical Exemption Form* because of a condition that precludes the student from receiving vaccine(s), or the student (emancipated or 18 years of age or older) or student's parent/guardian has submitted a signed non-medical exemption (religious or personal belief).

If students do not meet at least one of the compliance criteria, they are not permitted to attend school. If you have questions about the student's school immunization requirement, please communicate with the student's school nurse or school representative.
