The District 6 smoothie bike was donated by Healthy Kids Club to provide schools with a way to incorporate nutrition and physical activity into the school day and after school activities. The smoothie bike has grown in popularity, and is now frequently requested by both schools and community partners. Not only is the smoothie bike a fun activity for schools and community organizations, it aligns well with the District 6 strategic plan (Innovation2020), and the District 6 wellness policy. For more information about the district strategic plan and wellness policy, please visit our website: https://www.greeleyschools.org/studentwellness

The smoothie bike is available for teachers, schools, district offices, and community partners to rent. Please note, the availability of the Smoothie Bike is limited. We will do our best to match one of your dates, however availability is not guaranteed. If the Smoothie Bike is unavailable, you will be contacted via e-mail to select another date.

Greeley Evans School District 6 will provide:
- Smoothie Bike
- Smoothie Bike Kit
- Nutrition Education Materials
- Support

School or Organization renting the bike will provide:
- Ingredients
- Personnel to assist attendees in operating the smoothie bike

I, _________________________, attest that the equipment will be cleaned and returned by the return date. Further, I will assume responsibility for any damage beyond normal wear and tear and will reimburse Nutrition Services for such equipment.
