## School Focus:

At Meeker, our focus is on ensuring each and every student achieves excellence in a safe learning environment. Our focus is also on narrowing the achievement gaps and growth gaps in reading, math, and writing with students of diversity and those with disabilities through implementation of effective instructional practices and emphasis on academic vocabulary.

## Special Education Services:

Meeker has a variety of special education services for students who have been identified with a disability. To ensure all needs of our students with disabilities are met, we use a team approach in providing a wide range of services in the regular education setting and the special education setting. Parents are a critical member of the Individual Educational Planning team. At Meeker, we strive for reaching success and excellence with all students who attend our school.

“Meeker is like a warm, safe hug. To be fully seen, and accepted, is a human offering that borders upon miraculous. No matter who enters, nothing less is displayed in the extraordinarily inspirational atmosphere there. An experience I simply couldn't imagine depriving my children of.”
