A note from your director

Dear Greeley West Choir Families,

Thank you for the continued support of your students and of the Greeley West Choir Program during what has been an extremely challenging year. I have been so impressed with what these students have accomplished and the effort they have put in to the choir classroom. Singing in a mask, with restrictions, is not ideal. It is, in fact, down-right tough! Each of these students has persevered, shown grit, and kept their humor. We look forward to the day we can sing together in safety. It is a privilege that we will not take for granted in the future. Thank you for sharing these precious souls with me!

Sincerely,

Slaughter

*We want to give a special SHOUT-OUT to our quarantined comrades. Their presence is truly missed and we are sad that they are not here tonight to share in this occasion.
