

# LEARN MORE ABOUT CONCURRENT ENROLLMENT

## What is Concurrent Enrollment?

Concurrent Enrollment is a way for currently enrolled high school students to start college. High School students will jumpstart their college career by attending while still in high school. Students will earn both high school and college credit.

**Offers juniors and seniors the opportunity to take up to six credits of college courses at Colorado public institutions of higher education**

**College courses that have an equivalent at the high school do not qualify for Concurrent Enrollment**

**Tuition Differential and Fees may apply**
